

JESÚS. UN PERFIL BIOGRÀFIC
(Jesus. The Biography),
Armand Puig

Who was really Jesus from Nazareth? Two thousand years after his birth, this exciting and controversial figure that has stressed the history of the western culture remains involved in an infinity of questions.

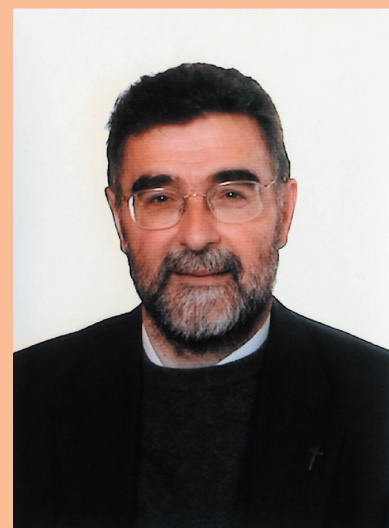

Where was he born? How did he live? Why didn't he start going public until he was thirty? What is the real background of his message? What sense did he give to his healing task? Who was responsible for the crucifixion? How did he affront his death? What can we say about his resurrection from a historical point of view?

Armand Puig, biblical science doctor, has written a complete and suggestive biography of the founder of Christianity, which help us to a better understanding of the historical figure of Jesus and to decode the enigmas of his life.
